BECOME A FAMILY CHILD CARE SUBSTITUTE PROVIDER!

Substitute providers play a crucial role in maintaining the overall stability and quality of FCC programs.

LOOKING TO SET YOUR OWN SCHEDULE?
A substitute Family Child Care (FCC) provider offers several key benefits:

Continuity of Care

- Ensures children continue to receive care when their primary provider is unavailable due to illness, training, or personal matters.

Support for FCC Providers

- Allows FCC providers to take necessary breaks while maintaining their business and meeting the needs of enrolled families; providing care in the FCC provider home and you set your own prices.

Flexibility for Families

- Helps parents maintain their schedules without disruptions, ensuring they have reliable childcare even in unexpected situations.

Professional Development Opportunity

- Gives potential FCC providers hands-on experience before becoming an FCC substitute provider, allowing them to gain training and insight into the role.

Enhanced Readiness for Military Families

- Supports mission readiness by ensuring service members can rely on uninterrupted childcare, even during deployments or temporary duty assignments.

For more information please contact the Family Child Care Office at 11fss.jbab.fcc@us.af.mil or 202-284-4058/4059

The Fall Season is Almost Here....

MR. WAYNE MCCRAY

I found myself in an unexpected conversation with one of our fellow Titans and it turned to the autumn season. I ventured to ask, "Why do you love the fall season so much?" This is her incredible answer....

The different color leaves in the foliage and the changes they stimulate in me are awe inspiring...the variations, adjustments, progress, and discoverers that are aching for expression through my experience. The dying of the old year and the preparation for a new beginning--the hope-filled ending that leads to starting again...cherishing and embracing such an ending. Anticipating a kind of rebirth.... Yes, the excitement of a fresh test launch or first-ever endeavor....

The fall's ending is robust, colorful, revelatory, substantial and certainly a thousand times more vivid and graphic than the monotony of regular life itself, not merely a fading into nothingness or an unimpressable end. It is taking the time to notice the obvious and evident...climate adjustments... appreciating the crisp air and cool mornings.... stopping the busyness long enough to notice and enjoy the harvesting taking place.

To say she 'nailed it' during our conversation is a huge understatement! These are incredible lessons we all cherish to some degree; they are written deeply on our DNA strains. We have attempted these reflections occasionally throughout life...or we have been reminded of them at times when we were forced to stop and take notice, but afterwards we were so glad we paused...gave ourselves permission to just breathe...allowed ourselves to venture and ponder much deeper than before. Yes, the fall season is almost here....
